

# President's Welcome

---

---

Sincerely,

Tomás D. Morales, Ph.D.  
President

It is my great pleasure to welcome you to California State University, San Bernardino, an institution committed to student success both in and out of the classroom.

Our university has a rich tradition of providing quality education in an environment that reflects the dynamic diversity of the region. Our outstanding faculty are award-winning scholars, highly recognized for their academic contributions and teaching. Our experienced staff are knowledgeable, caring and courteous, dedicated to our students' success. Together, our faculty and staff foster a culture of excellence that embraces and empowers students.

I invite you to come and tour our spacious campus, nestled in the foothills of the picturesque San Bernardino Mountains. Here you will find a warm and welcoming place with exceptional facilities, extensive resources and a world-class educational experience. It is also home to the most diverse student population of any university in the Inland Empire.

With nearly 50 undergraduate majors and more than 30 graduate programs featuring small class sizes and extensive augmented learning opportunities such as internships, research and travel abroad, I am certain CSUSB has a degree program that is right for you.

Premier ratings such as U.S. News & World Report, Princeton Review and Forbes regularly recognize CSUSB as being among the nation's leading educational institutions. Our Veteran's Success Center provides essential resources to military personnel, sustaining our place as one of the country's top four-year institutions in the annual Military Times "Best for Vets" college listing.

These are exciting times at Cal State San Bernardino. We recently completed the single largest development project in our history, a 164,000-square foot housing and dining complex. It is part of our current Campus Master Plan, a translation of the university's mission, goals and vision into a roadmap for physical development and facility enhancement.

Whether you come visit us personally or review us online at [www.csusb.edu](http://www.csusb.edu), I hope you will explore all we have to offer and reach out to connect with our faculty, staff or students. I assure you it will be time well spent.

I look forward to seeing you on campus.
